

SUITEMAX™ 3.5

SUITEMAX 3.5 - KEY ATTRIBUTES

SIMPLE ELEGANT DESIGN FOR SUITES VIP SEATING AND OTHER APPLICATIONS WITH MULTIPLE OPTIONS INCLUDING INTEGRATED STEEL CUPHOLDER IN 3.5" ARM

- **Elegant Simple Design** with compelling visual dynamics will remain current for a lifetime.
- **Surround Foam Patented System** adds to your comfort, prevents fabric marks, prevents foam deterioration and keeps a cool temperature for long lasting use.
FOR FULLY UPHOLSTERED OUTER BACKS AND/OR UNDER SEATS
- **Patented Seat & Back Tubular Steel & Mesh Construction** maintains shape, increases durability and comfort to your seat and back. Backs have standard lumbar support. The seat construction will support up to **600 lbs.** on the front edge of the seat and up to **1700 lbs.** across the middle of the seat.
- **Patented Seat & Back Drop-in Assembly** makes installation and service needs extremely simple while increasing efficiency thus saving time and money.
- **Patented Fully Enclosed Silent Seat Gravity Lift System** does not require any maintenance and will operate perfectly as long as there is gravity to help, ensuring the seat will always return to a consistent position without finger or clothing entrapments. Available with **90** or **45** degrees stops.
- **Removable Slip Cover Upholstery** allows for quick change should fabric become soiled or outlives its useful life span without fabric puddling.
- **Patented Accordion System** allows you to increase the width of seats up to **2"** thus making installations simple on straight, radius or reverse radius row configurations, allowing perfect alignment of aisle panels and reducing amount of attic stock needed.
- **Series Seating manufactures in house all product components** including foam, engineered wood, steel, and upholstery saving cost and improving quality control on all products.
